

LEAP PAL Parts + Consumables has been helping customers in the lab instrumentation and liquid handling business for over 25 years. We represent the highest quality products that meet strict QA standards and work with the best manufacturers to offer innovative products at the most competitive prices. We provide same day shipping of all in-stock products to avoid instrument downtime as well as reduce your on-hand inventory levels.

Our Mission Statement: Be Good. Just that simple. Be good to our customers, our suppliers, our community and to each other. Let us show you what thousands of customers already know.

SERVICES

We offer a complete range of consumables for high pressure liquid chromatography, gas chromatography, headspace and sample preparation. In addition to consumables, we offer instrument specific small parts. As an added service can assist you with technical assistance by certified PAL, PAL-XT, PAL 3 service technicians should you need urgent assistance with your instruments.
