

DOING OUR PART TO BE GOOD

LEAP PAL Parts recognizes the need to help reduce waste and improve sustainability. In fact, we have been practicing this strategy for years. Our approach has been a comprehensive with integration into all aspects of our business.

- Reducing energy and water use in our operations
- Evaluation of opportunities presented with each new product introduction or on existing products
- Aggressive recycling programs for trash, cardboard, paper and packaging materials
- Shipments prepared with biodegradable packing material that can easily dissolve in water
- L-MARK syringes packaged in recyclable packaging
